

The UnoLiner CRS3000 In-Ground Quick Bench is a chassis straightening bench that is mounted level with the workshop floor. The bench's length of 3 meters and width of 91 cm allows it to fit in any car body repair workshop. With a lifting capacity of 3000 kg and a maximum bench height of 113 cm, it's the perfect compact all-rounder. Despite its modest dimensions, it offers the complete functionality of a full-size chassis straightening and collision repair bench.

Features

- ✓ Competitive, compact, complete
- ✓ No compromise, fully-fledged straightening bench
- ✓ Multiple-angle 10-ton pulling ability
- ✓ Interchangeable UnoLiner accessories
- ✓ Ideal for smaller workspaces
