

The UnoLiner H25L Wheel Stand is the heavy-duty version of the H20 Wheel Stand. Thanks to its reinforced design, its maximum capacity has increased to 1400 kg per stand. This renders the H25L the perfect wheel stand for the bigger UnoLiner bench systems. Casters add mobility to the H25L, allowing easy placement. There are four H25L Wheel Stands in each UnoLiner *Drive-On Bench Set* or *In-Ground Bench Set* with a lifting capacity of 4.6 tons or more.

### Features

- ✓ Heavy-duty wheel stand
- ✓ Casters for extra mobility
- ✓ Compact wall storage on H2080 Rack

### Technical data

Height	830	mm
Width	635	mm
